SUPPLEMENTS

Child Health Supplement
September 8
Come together, Learmont, D., 3
The pain of separation, Davis J., 7

Commonwealth Nurses Federation Supplement
March 10, July 7, November 17
Today's midwife tomorrow, Brayton, M., CNF 170
WACN: The nurse as an equal partner in the health team, Brayton, M., 178
A sextet of seminars, Brayton, M., 186

Communication with the patient in the intensive care unit
Reflections on the difficulty of communicating with intubated patients and how to do it, Börsig, A., and Steinacker, I., March 24

Journal of Infection Control Nursing
(Infection Control Nurses Association)
February 17, May 12, September 1
A check on a milk bank, Connor, I., February 17
Sharps and their safe disposal, Moir-Bussy, B., February 17
Infection control in the community, Weymont, G., February 17
Infection control and the Renaissance, Walters, E.M., February 17
Microbial decontamination in hospitals, Collins, B.J., May 12
Last offices in cases of notifiable disease, Ayrton, N.A., May 12
Resource booklet — 'Infection and its control,' May 12
At sixes and sevens, Jenner, E., September 1
The epidemiology of communicable diseases, Nokes, C.M., September 1
Catering hygiene study day, Cheesebrough, D.J., September 1
A fascinating lesson, Walters, E.M., September 1
The Howie report: What does it say for nurses? Weymont, G., September 1

The nurse and the patient, communication skills
continued from 1981
Hewitt, F.S.
12. Purpose, the system and the environment, January 27

Nurse Smith's Notes
Roberts, A.
Understanding drug treatment, August 25, September 29, October 27, November 24, December 15

People with spinal injuries
Treatment and care booklet, February 24

Planning patient care
Barnett, D.E.
1. March 31
2. **Ward organisation,** April 28
3. **The reactions of nursing staff to the introduction of care plans,** May 26
4. **Carrying out nursing care activities,** June 30
5. **A problem oriented approach to identifying patients' problems,** July 28

Quest
(NT educational supplement)
January 20, March 17, May 19, July 21, September 22, November 24
Written Examinations. (January 20)
1. A question of multiple choice — where are we now? Kershaw, J.E.M., Turner, P.A.C.
2. The format and procedure of the written examination in district nursing, Gibson, S., Jarvis, P.
Mental Nursing. (March 17)
1. Devising and implementing new syllabuses for mental and mental handicap nurse training, Nicholas, B., Gooderham, D.
2. Implications of the new draft syllabus for mental nursing, Coombes, R.B.
3. A blue-print for mental handicap nurse training, Donovan, H.
4. An alternative perspective, Hutchinson, D.
Building for the future. (May 19)
1. The future of education, Bendall, E.R.D.
2. A successful graft, Thomson, M.W.
3. The bed of Procrustes, Henry, A.P.
Feelings. (July 21)
1. Learning from practical experience, Kilty, J.
2. 'Just imagine . . .', Macklin, D.
How objective are objective tests? (September 22)
Some uses of the computer in validating multiple-choice questions, Turner, P.A.C., Hillier, V.F., Kershaw, J.E.M.
Objectives: Courses and examinations, Schofield, H.
The use of behavioural objectives in nurse education, Thompson, R.V.
November 24
A springboard to the future, Preece, W.
Let the computer do the work, Barnes, G.M.L.
Two into one won't go, Goble, J.
Multiple-choice questions, Betts, A. Theobold, M.

RCM annual meetings
July 7
New frontiers, Burst, H.V.
Hands across the divide, Smart, L.
A delivery bed with a difference, Moore, J.

Rcn Congress
April 21
The other side of CMH [all], Dopson, L.
When the college banned men, Dopson, L.
Too many sisters . . . Bowman, G., Thompson, D.
The Rcn's changing face, Smith, J.
A man with a mission, Salvage, J.

The seven ages of disability
August 4

Spotlight on children
(Association of British Paediatric Nurses)
March 24, June 16, September 29, December 8

Systems of Life
85 Head and neck — 2: nose and ear, January 6
86 Examination of smelling and seeing — 1, February 3
87 Examining the eye — 2, March 3
88 Examining the cranial nerves — completed, April 7
89 Nervous system: testing sensation, May 5
90 Nervous system: testing motor function — 1, June 2
91 Nervous system: testing motor function — 2, July 7
92 Nervous system: testing reflexes, August 4
93 Nervous system: mental state, September 1
94 Nervous system: coma, October 6
95 Locomotor system: 1, head, neck and shoulders, November 3
96 Locomotor system — 2: upper limb, December 1

Theatre Nursing
October 6

An independent approach, Quayle, S.
A new technique in haemodialysis, Ellis, B., et al.
You need hands, Alderman, C.
A patient with malignant breast cancer, Davey, D.

Wound care
(continued from 1981)
Series editor: Westaby, S.
5. The surgical incision, January 20
6. Wound closure, February 17
7. Wound drainage, March 17
8. Wound infection — cause and prevention, April 21
9. Wound infection — treatment, May 19
10. Wound, sinus or fistula? June 23
11. Which dressing and why — 1 July 21
12. Which dressing and why — 2 August 18
13. The traumatic wounds of warfare, September 22
14. Wounds seen in the accident and emergency department, October 20
15. Penetrating wounds of the chest and abdomen, November 17
